What Telework Can Do For Rural Business

Business Luncheon

Thursday October 15th 11:45 am to 1:45 pm

Medicine Hat Lodge – \$30 (includes lunch)

Thanks to information technology, some 15% of Canadians are expected to work at least some of the time away from their regular office by 2010. This session will provide a general overview of this important and growing area; how telework can significantly improve the prosperity of rural communities and business by linking rural citizens with city jobs and/or labour markets. It will also present some rural success stories; general implementation tips; and describe why and how governments should be involved.

Who should attend? Employers, business, and community stakeholders interested in the benefits of "telework" for business and communities in rural Alberta.

Register at www.palliseralberta.com/registration or 403-529-3630

Please note: This event is being held in conjunction with the Growing in Rural Alberta Symposium.

Guest Speaker,
Bob Fortier, President of
Innovisions Canada

Register by October 7th
